The UNU Library is hosting the launch of the book *The UN Security Council in the 21st Century* edited by Sebastian von Einsiedel, David M. Malone and Bruno Stagno Ugarte (Lynne Rienner Publishers, 2015).

Amidst a resurgence of great-power rivalries among its permanent members, there are increasing questions about the ability of the Security Council to deal with a growing number of crises around the globe. Against this background, this new volume provides a comprehensive view of the Council's internal dynamics, its role and relevance in world politics, and its performance in addressing today's major security challenges.
